

Harriston Downtown Reconstruction  
Update to Planned Detours  
May 29, 2015

Wellington Road 109 (Elora Street South) in Harriston is closed from Highway 89 (Arthur Street) south to Young Street beginning on Friday May 29. The decision to move to detour routes beginning at Young Street is based on observed traffic patterns and safety. Mill Street will be limited to local traffic only.

The planned detour routes now include a designated truck route. All trucks heading northbound will turn left at Young Street, right on Margaret Street Route through to a right on Arthur Street to go back to the lights at Highway 9.

Regular vehicle traffic heading north bound will continue to turn right at Young Street and left at King Street to get back to Highway 89.

South bound traffic, including trucks, will turn right at Highway 89, left at Margaret Street South and left at Young Street to get back to Elora Street. All detour routes are marked by signage.

Downtown parking is accessible and identified on the routes behind Harry Stone's (P1) , Harriston Legion (P2) and Evergreen Variety (P3).
