The requirement does not extend to any public deputation that may be made to Council or any Town committee.

**r) Town of Minto Purchasing or Procurement By-Law**

This Tender is subject to the Town of Minto's Procurement By-Law in affect at the time of the call goods, services and/or supplies.

## **Bid Document**

### **1. BACKGROUND**

The Town of Minto maintains over 52 km of gravel roads and over 230 km of hard top roads using funds from its annual operating and capital budgets. The annual operating budget changes each year, but generally contains over \$350,000 for various asphalt and gravel projects. The capital budget also varies with the 2019 budget identifying over \$100,000 in potential roadway work. By tendering asphalt applications in rural and urban areas, including milling, sand pad and pave, first and second lift, final lift and shoulder gravel, the Town intends to maximize the extent of roadway work completed through the competitive bid process.

The Town at its sole discretion may re-allocate funds within its approved budget depending on need and the competitiveness of pricing obtained in its tendered work. If an asphalt tender contains particularly attractive pricing and the Town can obtain “best value” by applying the prices to additional work, funds may be shifted from other budget areas to complete more work. If asphalt pricing is poor the Town may defer projects to other years and re-allocate funds for asphalt or gravel work to other areas if such a deferral results in “best value” to ratepayers.

### **2. SUBMISSIONS**

Tenders submitted in envelopes clearly marked as to contents, will be received at the Town of Minto Administration Office  
5941 Highway 89  
Harriston, ON N0G 1Z0, until 10:00 a.m., local time on: June 11, 2019

### **3. SCOPE OF WORK**

The intent of this Tender is to retain a competent contractor to meet all necessary requirements and to perform any application of materials, equipment or other essentials needed to fulfill the Town of Minto’s request for various asphalt applications in rural and urban areas, including milling, sand pad and pave, first and second lift, final lift and shoulder gravel as generally specified in Schedule “A” to this bid document. Schedule “A” provides project specific requirements related to this tender. Town of Minto reserves the right to add, delete or modify Schedule “A”.

### **4. FREEDOM OF INFORMATION AND PROTECTION OF PRIVACY**

Submissions by bidders become records of the municipality and subject to the provisions of the Municipal Freedom of Information and Protection of Privacy Act.

## **5. QUALIFICATIONS**

No bidder shall submit under this tender unless they have the skills, ability and qualifications to provide the goods, services and/or supplies in accordance with applicable federal or provincial law, and shall demonstrate such skills, abilities or qualifications explicitly in the tender if required to do so in the bid documents, or prior to the award if requested to do so by Town representatives at their sole discretion.

## **6. COMPLETION DATE AND PENALTIES**

The completion date for the provision of all goods, services and/or supplies required under this tender shall be 5:00 p.m., local time on: October 31, 2019 unless an earlier completion date is specified in Schedule "A".

Failure to provide goods, services and/or supplies under this tender shall result in the following penalties, if applicable:

Contractor will pay to the Town the sum of one-thousand dollars (\$1,000.00) for liquidated damages for each and every calendar days' delay in finishing the work beyond October 31, 2019.

## **7. AGREEMENT**

Prior to proceeding with the work required by this proposal, the successful firm shall be required to enter into an agreement with the Town to stipulate mutually agreeable terms for providing the goods, services and/or supplies under this tender.

## **8. EVALUATION**

Bids submitted for goods, services and/or supplies under this tender shall be reviewed using the following general criteria:

- a) The Town is satisfied that such purchase represents "best value" to the Town considering requirements of its purchasing by-law and applicable policies.
- b) Bidders or suppliers have the capacity, skill, ability, past performance, accessibility, quality, service, availability, affordability, reliability, best practices, environmental benefit, proximity and similar as the case may be to supply such goods, services and/or supplies.

## **9. APPLICABLE LAW**

This tender and any award that may develop as a result call shall be governed by and construed in accordance with the laws of the Province of Ontario.

## **10. NO TOWN OBLIGATION TO AWARD**

Publication of this tender and the resultant receipt of any submission do not imply a reciprocal obligation on the part of the Town to award a contract to provide goods, services and/or supplies to any bidder. The Town may at its sole discretion award tender or split the

award where such actions would be in the best interest of the municipality keeping in mind the criteria in outlined in Part 8 Evaluation.

The Town of Minto reserves the right to cancel this tender for any reason without any liability to any proponent, or to waive irregularities at their own discretion. Tenders shall be irrevocable until the Town of Minto awards a contract, or cancels this tender, whichever first occurs.

The Town of Minto reserves the right to reject any or all tender, to negotiate with any firm submitting a tender and to accept the tender deemed most favourable in the interests of the Town of Minto.

The lowest or any tender may not necessarily be accepted. The Town of Minto or its agents do not accept any responsibility for costs or expenses incurred by the Proponent in preparing the Proposal.

#### **11. WSIB/INSURANCE**

In response to any requirement in any tender, or upon request, bidders shall provide to the Town proof of WSIB certificate of clearance, and a copy of their insurance policy prior to the award of the tender.

#### **12. INSURANCE**

Prior to award of any tender, or upon request, bidders shall, at their expense provide certificate(s) of insurance satisfactory to the Town of Minto, as set forth below. In the event that the certificate(s) of insurance is/are not satisfactory, the Town of Minto may require the successful bidder to provide a certified copy of the policy. The certificate(s) in the amounts listed below are to be provided:

- a) \$5 million – commercial general liability

Such policy shall contain:

- a) “Cross Liability” clause or endorsement.
- b) An endorsement certifying the Town of Minto is added as an additional insured.
- c) An endorsement to the effect that the policy or policies will not be altered, cancelled or allowed to lapse without 30 days prior written notice to the Town of Minto.

#### **13. HEALTH AND SAFETY**

The Town of Minto is serious in its application of Health and Safety protocols. Bidders are expected to adhere to all legislated and regulated health and safety regulations. Failure to adhere to these practices may result in termination of any contract without financial penalty to the Town. Bidders shall provide to the Town a copy of their Health and Safety policy upon request, or a written statement that they have a Workplace Health and Safety policy in effect.

#### **14. ENVIRONMENT AND ENERGY EFFICIENCY**

When procuring goods, services and/or supplies, the Town of Minto supports methods that protect the environment and use energy in an efficient and affordable manner. The Town supports innovation and initiative that promotes energy efficiency and improving the quality of the natural environment keeping in mind issues of affordability, maintenance and operating costs.

#### **15. PAYMENT**

The Town of Minto agrees to pay for such goods, services and/or supplies provided for in this bid, once awarded, in accordance with the terms of this bid document and/or the agreement signed upon approval by Town of Minto Council

#### **16 INDEMNITY**

The successful bidder shall indemnify and hold the Town harmless from and against any liability, loss, claims, demands, costs and expenses, including reasonable legal fees occasioned wholly or in part by any acts or omissions either in negligence or nuisance whether willful or otherwise by the successful bidder, its agents, officers, employees or other persons for whom the successful bidder is legally responsible.

### **B. Warranty Period**

Upon completion of the work, the contractor shall notify the Town in writing (i.e. to be included with request for final payment) to request commencement of the warranty period. A warranty period of ONE (1) YEAR will commence following the Town’s written acceptance of the work described in this tender. The Town’s written acceptance of the work will specify a date on which the warranty period will start. The contractor shall repair any identified deficiencies at no additional cost to the Town during the warranty period. Following the ONE (1) YEAR warranty period, an inspection of all work completed will be undertaken with the Town and the Contractor. If the Town accepts the work following the warranty period, the contractor will be notified in writing that the warranty period has been fulfilled and that the work will be accepted. If the Town rejects the work, the Contractor will complete, at no additional cost to the Town, all required work to make the work acceptable to the Town.

### **C. Asphalt Specifications**

HL-3 All work shall be done in accordance with OPSS 310, OPSS 1150 and OPSS 1154 for Hot Mix Asphalt and Form M-100. With regards to the aforementioned sections, the minimum asphalt cement content of 5.3% must be met.

#### **D. Existing Driveways**

Existing asphalt, concrete, interlocking brick or gravel driveways abutting roads proposed for asphalt shall have the edges prepared to create a smooth transition between surfaces. Asphalt placed between the road and driveway shall be the same mix design as specified for that road section. Any milling and/or asphalt required shall be the responsibility of the contractor and shall be included in the Total Tender Price on the Form of Tender.

#### **E. Asphalt Joints**

All joints and/or terminations abutting existing asphalt surfaces, including bridge decks, shall be ground to the satisfaction of the Primary Contact or designate prior to commencing asphalt placement. Where required the contractor is responsible for milling around all maintenance holes, catch basins and valves located within the existing asphalt. All milling shall be included in the Total Tendered Price on the Form of Tender. Approximate lineal meters of milling have been provided and are based upon one pass, one and a half (1.5) meters wide.

#### **F. Adjustments**

All required maintenance hole and water valve box adjustments shall be the responsibility of the contractor and shall be included in the Total Tendered Price on the Form of Tender. The Town will accept appropriate sized lift rings for both maintenance hole and water valve boxes to meet the required elevations. Catch Basin adjustments will be completed by the contractor also.

#### **G. Asphalt Repairs**

Areas of asphalt failure identified to the contractor by the Town of Minto within fourteen (14) days of placement shall be repaired to the satisfaction of the Primary Contact or designate within seven (7) days of such notification. No payment will be made for this asphalt requiring replacement.

#### **H. Liquid Asphalt Cement Price Index**

The Town of Minto will adjust the payment to the Contractor based on changes to the Ministry of Transportation's performance graded asphalt cement price index unless the Contractor opts out by notifying the Town of Minto in writing within five business days of the award of the contract.

Once the contractor has opted out of payment adjustments based on the index, the Contractor will not be permitted to opt back in. The price index will be published monthly in the MTO Contract Bulletin and displayed on the OHMPA ([www.OHMPA.org](http://www.OHMPA.org)) and MTO website ([www.rags.mto.gov.on.ca](http://www.rags.mto.gov.on.ca)). The price index will be used to calculate the amount of the payment adjustment per tonne of asphalt cement accepted into the Work.

The price index will be based on the price, excluding taxes, FOB the depots in the Toronto area, of asphalt cement grade PG 58-28 or equivalent. One index will be used to establish and calculate the payment adjustment for all grades. As of July 2006 the price index for

each month will reflect the average of the same month's prices and be published on the last day of the month and be retroactively applied to HMA laid in the same month.

A payment adjustment per tonne of asphalt cement will be established for each month in which paving occurs when the price index for the month differs by more than \$15.00/tonne from the price index for the month in which the tender was awarded. When the price index differential is less than \$15.00/tonne, there will be no payment adjustment for that month. Payment adjustments due to changes in the price index are independent of any other payment adjustments made to the hot mix tender items. Provincial sales tax adjustment should be applied to the adjustment (either way).

The payment adjustment per tonne will apply to the quantity of asphalt cement in the hot mix accepted into the Work during the month for which it is established. The payment adjustment for the month will be calculated by the following means:

When AC Prices are Rising by more than \$15.00/tonne: the payment adjustment to be paid to the Contractor is the result of subtracting the price index for the month prior to tender opening from the price index in effect when paving takes place, minus the \$15.00 float, multiplied by the number of tonnes of PGAC incorporated in the mix(s) as determined by the job mix formula. HST on the adjustment will be included.

When AC Prices are Falling by more than \$15.00/tonne: the payment adjustment made in favour of the Owner is the result of subtracting the price index in effect when paving takes place, plus the \$15.00 float from the price index for the month prior to the tender opening, multiplied by the number of tonnes of PGAC incorporated in the mix(s) as determined by the job mix formula. HST on the adjustment will be included.

The quantity of new asphalt cement includes all grades of asphalt cement supplied by the Contractor with and without polymer modifiers. For each month in which a payment adjustment has been established, the quantity of the escalation/de-escalation will be calculated using the hot mix quantity accepted into the Work and its corresponding asphalt cement content as required by the job mix formula.

For mixes which contain reclaimed asphalt pavement, the increase due the contractor or the rebate due the owner will be calculated as if virgin hot mix asphalt has been supplied. This fairly reflects the increasing value of the Contractor's RAP pile when AC prices are increasing and the opposite when they are declining.

**I. Notes:**

Contractors should bid the hot mix asphalt item using the cost of the PGAC specified. The AC Price Index is only a tool for qualifying hot mix prices and is not intended as a standard AC price to be incorporated into the contract bid.

The payment adjustment calculated using this formula is full compensation for any and all PGAC grades specified.

If the AC index has not changed more than \$15.00 per tonne up or down, no adjustment is required. Only the amount of the change that is greater than \$15.00 is used to calculate payment adjustments.

Beginning with the AC Index for July 2006 MTO will amend their past practice of establishing the monthly index amount on the 1st day of the month from the average of the four weekly AC prices received in the previous month to a calculation that takes in the average of the four weeks of the current month and is subsequently published on the last day of that month.

Past practice Before August 2006:

The index for June is the result of AC prices received in May and published June 1st.

New Standard:

The index for July is the result of AC prices received in July and published July 31st.

For qualifying payment adjustments on the price of HMA the contractor will seek/give an HST adjustment on the total value because Ontario collects a levy of 13% HST on the total manufacturing costs of every tonne of HMA produced.

As the result of the implementation of Note 4 and the subsequent issue of MTO SP 103S20 the AC Price Index on for the month prior to tender opening will be used as the AC bid price to calculate AC adjustments.
