USER’S GUIDE TO THE TOWN OF MINTO ZONING BY-LAW

Purpose of a Zoning By-law
A comprehensive zoning by-law is a precise legal document used by a municipality to regulate the use of land and the buildings upon it. It states exactly what type of land uses are permitted in a specific area or zone and provides the requirements or regulations that apply to such land. Under Ontario’s Planning Act, local municipalities can establish zoning by-laws to control the use of land and future development of their community. Zoning By-laws also protect property owners from the development of conflicting land uses. As such, any use of land or the construction or use of any building or structure not in compliance with the local Zoning By-law is prohibited. The Town of Minto Zoning By-law is also needed to help the community implement the goals and objectives of the Wellington County Official Plan, which became effective May 6, 1999.

How to Use the By-law
For each zone there is a list of permitted uses and a number of regulations such as lot size, frontage, and required yards. The location of each of the zones is shown on the Zone Maps in Schedule “A” found at the end of this By-law. The specific uses and regulations applicable to each zone are found in the relevant section(s) of the Zoning By-law, which bears the same zone name(s).

To determine the provisions of the Zoning By-law that affect your property, follow these steps:

1. Locate your property on one of the Zone Maps to find the applicable zone(s) that apply to your property (e.g. Residential R1A Zone).

2. Once you have identified the zone(s), turn to the Table of Contents within the text of the By-law and locate the applicable zone provisions (For example, the R1A Zone is found under Section 9 on page 62.). Then go to the appropriate page in the By-law to determine the permitted uses and specific regulations that relate to that zone.

3. Review the general provisions (e.g. parking, accessory uses, etc.) contained under Section 6. The provisions contained in Section 6 apply to all land within the municipality and many will affect your property.

4. Section 5 – Definitions are useful when trying to understanding the meaning of terminology used throughout the Zoning By-law.

Should you have difficulty reading the Zone Maps or understanding the text of this document, contact the Municipal Office at (519) 338-2511 for assistance.

BEING A BY-LAW, UNDER THE PROVISIONS OF SECTION 34 OF THE PLANNING ACT, R.S.O. 1990, AS AMENDED, TO RESTRICT THE USE OF LANDS AND THE CHARACTER, LOCATION AND USE OF BUILDINGS AND STRUCTURES, AND TO PROHIBIT CERTAIN BUILDINGS AND STRUCTURES IN VARIOUS DEFINED AREAS OF THE CORPORATION OF THE TOWN OF MINTO.

WHEREAS The Planning Act provides that the Council of a Municipal Corporation may pass by-laws to restrict the use of land and the character, location and use of buildings or structures;

NOW THEREFORE the Council of the Corporation of the Town of Minto enacts as follows:

SECTION 1 - TITLE OF BY-LAW

1.1 This By-law may be cited as the Zoning By-law of the Town of Minto.

SECTION 2 - INTERPRETATION

2.1 In this By-law, unless the context clearly indicates the contrary, the expression "use" or "to use" shall include anything done or permitted by the owner or occupant of any land, building or structure, directly or indirectly or by or through any trustee, tenant, servant, or agent, acting with the knowledge or consent of such owner or occupant, for the purpose of making use of the said land, building or structure.

2.2 In this By-law, unless the context clearly indicates the contrary:

- words in the present tense include the future;
- words in the singular number include the plural, and the converse; and
- words in the masculine gender shall include the feminine, and the converse.

2.3 In this By-law, the word "shall" is construed as always mandatory.

2.4 The word “use”, when used as a noun, shall mean the purpose for which a lot or a building or structure or any combination thereof is designated, arranged, intended, occupied or maintained and “uses” shall have a corresponding meaning. When used as a verb, the word “use” or “to use” shall have a corresponding meaning.

Uses not listed as permitted in a zone or otherwise provided for in this By-law shall be prohibited in such zone except as provided for under Section 6.21 (Non-conforming uses) of this By-law.

2.5 In the regulations, dimensions are provided in both metric and imperial to make the By-law more “user-friendly”. Where a significant difference is present between the two
values for any regulations, as a result of a numerical conversion, the least restrictive dimension shall prevail. In this By-law, m² shall be construed to mean square metres and ft² shall be construed to mean square feet unless the context clearly indicates the contrary.

2.6 The Natural Environment (NE) zone boundaries identified on Schedule “A” to this By-law are intended to generally identify the location of potentially significant and/or hazardous environmental features. During review of development applications and building permit applications, if necessary, the boundaries of the NE zone shall be more precisely determined in consultation with the Conservation Authority or other agencies having jurisdiction in the area. Where detailed resource mapping and/or site inspection results in a re-interpretation of the limits of the NE zone boundary, all requirements of this by-law shall be reviewed relative to the revised interpretation of the NE Zone boundary, including any applicable setbacks.

SECTION 3 - APPLICATION OF THE BY-LAW

3.1 LANDS SUBJECT TO BY-LAW
The provisions of this By-law shall apply to all lands within the boundaries of the Corporation of the Town of Minto.

3.2 CONFORMITY REQUIREMENTS

3.2.1 No person shall use any land, or construct, alter or use any building or structure or part thereof within the limits of the Town of Minto except in conformity with the provisions of this By-law.

3.2.2 No building, structure, or part thereof constructed or altered in contravention of this By-law shall be used by any person so long as such building, structure, or part thereof, continues to contravene the provisions of this By-law.

3.2.3 No lot shall be reduced in area by conveyance, severance, mortgage or other alienation of a part thereof so that any remaining yard or other open space is less than required by this By-law. If any such reduction occurs, such lot and any building or structure thereon shall not thereafter be used by any person unless and until the said yard or requirements of this By-law are complied with.

3.2.4 Subsection 3.2.3 shall not apply to a lot reduced in area by the conveyance to or severance or expropriation by the Corporation of the Town of Minto or any other authority having the powers of expropriation.

3.2.5 No person shall change the purpose for which any lot, building or structure is used, or construct, alter, or use any building or structure, or sever any lands from any existing lot, if the effect of such action is to cause the original, remaining or new building, structure or lot to be in contravention of this By-law.
3.3 APPLICATION OF OTHER BY-LAWS AND REGULATIONS
Nothing in this By-law shall relieve any person from the obligation to comply with the requirements of the Ontario Building Code Act or any other By-law of the Municipality or County in force from time to time or the obligation to obtain any license, permit, or approval lawfully required under any regulation or By-law of the Municipality, County or by a governmental authority having jurisdiction to make such restrictions.

3.4 CONFLICTS WITH OTHER MUNICIPAL BY-LAWS
In the event of any conflict or inconsistency between this By-law and any other By-law of the Corporation, the provisions of this By-law shall prevail.

3.5 CONFLICTING REGULATIONS
Where a combination of permitted uses results in conflicting regulations, the most restrictive regulations shall apply.
SECTION 4 - ADMINISTRATION, ENFORCEMENT AND PENALTIES

4.1 ADMINISTRATION
Unless otherwise specified, this By-law shall be administered by the Chief Building Official and/or Building Inspector acting on the direction of the Council of the Town of Minto.

4.2 BUILDING AND OTHER PERMITS
4.2.1 Notwithstanding the provisions of any other by-laws of the Town of Minto, the Chief Building Official shall not issue any Building Permit or any other permit where the proposed building or any part thereof, use or occupancy would be in violation of any provisions of this By-law.

4.2.2 It shall be prohibited for any person(s) to use or permit to use or cause a change in use of any building or part thereof, hereafter erected or altered until such Building Permit or Change of Use Permit has been issued and certified by the Chief Building Official in accordance with the Ontario Building Code Act and Building By-law.

4.3 ENTRY AND INSPECTION
The Zoning Administrator, Chief Building Official, Building Inspector and any other inspector appointed under the Building Code Act, 1992 are each assigned the responsibility of enforcing this by-law for the purposes of Section 49 of the Planning Act.

4.4 PENALTIES
Any person convicted of a breach of any provision of this By-law shall be subject to such penalties or orders as provided for in Section 67 of The Planning Act, as amended.

4.5 ADDITIONAL REMEDIES
In case any building or structure is to be erected, altered, reconstructed, extended or part thereof is to be used, or any lot is to be used, in contravention of any requirement of this By-law, such contravention may be restrained by action at the instance of any rate-payer or of the Corporation of the Town of Minto pursuant to the provisions of The Municipal Act or The Planning Act as amended from time to time.

4.6 VALIDITY
If any section, clause or provision of this By-law including anything contained in the Schedules attached hereto is for any reason declared by a court of competent jurisdiction to be invalid, the same shall not affect the validity of the By-law as a whole or any part thereof other than the section, clause or provision so declared to be invalid and it is hereby declared to be the intention that all the remaining sections, clauses or provisions of this By-law shall remain in full force and effect until repealed, notwithstanding that one or more provisions thereof shall have been declared to be invalid.

DEFINITIONS

In this By-law, unless the context requires otherwise, the following definitions and interpretations shall apply. Illustrations depicting definitions are provided for clarification and convenience only and do not form a part of the By-law. The illustrations can be found in Appendix “A” after Schedule “A” – Zone Maps.

5.1 ABATTOIR, means a building or structure, or part thereof, designed and used for the commercial slaughtering of animals.

5.2 ABUTTING, means a lot line that has any point in common with another lot line that is not part of a street line or lane; or where two or more parcels share a common boundary of at least one (1) point or a building or structure that share a common wall.

5.3 ACCESSORY, when used to describe a use, building or structure, means a use, building or structure, which is incidental, subordinate, and exclusively devoted to the main use, building, or structure located on the same lot and in the same Zone as such use, building or structure and which is not used or intended for use as human habitation unless permitted by the provisions of certain Zones of this By-law.

5.4 ADDITION(S), when used in reference to a seasonal recreational travel trailer, means a structure(s) which is attached to and used in conjunction with, and may be divided into more than one room.

5.5 ADULT ENTERTAINMENT PARLOUR means any premises or part thereof in which is provided, in pursuance of a trade, calling, business or occupation, goods or services appealing to or designed to appeal to erotic or sexual appetites or inclinations. In this definition:

a) "Goods" includes books, magazines, pictures, slides, film, videos, phonograph records, prerecorded magnetic tape, compact disks and any other reading, viewing or listening matter.

b) "To Provide", when used in relation to "goods", includes to sell, offer to sell or display for sale, by retail or otherwise such goods, and "providing" and "provision" have corresponding meanings.

c) "To Provide", when used in relation to "services", includes to furnish, perform, solicit, or give such services and "providing" and "provision" have corresponding meanings.

d) "Services" includes activities, facilities, performers, exhibitions, viewings and encounters.

SECTION 6 – GENERAL PROVISIONS

The provisions of this Section shall apply to all zones except as otherwise indicated in this By-law.

6.1 ACCESSORY USES

6.1.1 USE

Where this By-law provides that a lot may be used or a building or structure may be constructed, altered or used for a purpose, that purpose may include any accessory building or structure or accessory use, but shall not include:

a) Any occupation for gain or profit conducted within a residential zone, except as may be permitted by this By-law;

b) An accessory dwelling unit, except as may be specifically permitted by this By-law.

6.1.2 LOCATION

a) Any accessory building or structure excluding a private sewage treatment system which is not an integral part of the main building shall not be located in a required front yard and shall comply with all other yard requirements of the zone in which such building or structure is situated.

b) In any R1A, R1B, R1C, R2, or R3 Zone or any other zone in the urban areas of Clifford, Harriston and Palmerston, all accessory buildings and structures shall be located in a rear yard or interior side yard provided it is not closer than 1.0 m (3.3 ft) to the interior or the rear lot line.

c) Notwithstanding Section 6.1.2 b), on ER Zone or any other zone in the rural area outside of the urban areas of Clifford, Harriston and Palmerston or a lot subject to the reduced lot regulations of subsection 8.5, all accessory buildings and structures shall not be located in a required front or required exterior side yard and shall not be located closer than 3.0 m (9.8 ft) to the rear or interior lot line.

d) Where an accessory building or structure is on a corner lot, the regulations specified in Section 6.7 and Section 6.36 (f) of this By-law shall apply.

e) Notwithstanding Section 6.1.2 (a), (b) or (c), where a property is adjacent to a provincial highway, any setback regulations of the Ministry of Transportation shall prevail.
6.1.3 HEIGHT
a) In any residential zone and in the C1- Central Commercial Zone, the height of an accessory use, building or structure shall not exceed 4.5m (14.8ft).

b) On a lot subject to the reduced lot regulations of subsection 8.5, the maximum height of an accessory use, building or structure shall not exceed 6.7 m (22 ft) and shall not exceed one storey. The above provisions shall not apply to agricultural buildings such as but not limited to silos, grain bins and corn cribs as permitted in Section 8.1 and further defined in Section 6.4.

6.1.4 LOT COVERAGE
a) The combined total lot coverage of all accessory buildings and structures on a lot shall not exceed 10% of the lot area, and this percentage of lot coverage for accessory buildings and structures shall be included in and contribute to the maximum lot coverage permitted in the individual zone regulations.

b) Provided the maximum lot coverage is not exceeded for an accessory building or structure, the combined maximum floor area for all accessory buildings or structures not including a hobby barn or home industry in any residential zone and including a lot subject to the reduced lot regulations of Section 8.5 shall not exceed 92.9 m² (1000.0 ft²) ground floor area for any lot 0.4 hectares (1.0 acres) or less in size. For each additional full 0.4 hectares (1.0 acres) of lot area, an additional 41.8 m² (450 ft²) of ground floor area may be added to the accessory building to a maximum ground floor area of 464.5 m² (5000 ft²).

c) The area of an open swimming pool or deck shall not be calculated in determining lot coverage.

6.1.5 ESTABLISHMENT OF AN ACCESSORY BUILDING OR USE
a) No accessory building or accessory use shall be established on any lot or site until the main building has commenced construction except as permitted by the “Temporary Use” regulations set out in Section 6.32 of this By-law, and as set out below.

b) Notwithstanding Section 6.1.5 a), a tool shed, scaffold or other building or structure incidental to construction on the lot where the construction is permitted, may be established but only for so long as it is necessary for the work in progress and until the work is completed or abandoned. For the purposes of this section "Abandoned" shall mean the failure to proceed with construction within the time period required by the building permit.
6.1.6 OPEN SWIMMING POOLS
Notwithstanding anything contained in this By-law to the contrary, a swimming pool is a permitted accessory use within any residential and agricultural zone, except within a Natural Environment Zone, subject to the following regulations:

a) May be located in any interior side yard
b) May be located in the rear yard, but not closer to any lot line than the minimum distance required for an accessory building located on such lot;
c) Facilities for changing clothes, pumping, filtering or similar accessory use shall be in accordance with the regulations applicable to accessory buildings on such lot.

Explanatory Note (Not Part of the By-law): The Town of Minto has a separate by-law relating to swimming pools. You are encouraged to contact the Municipality to review this regulation.

6.2 BED AND BREAKFAST ESTABLISHMENT (B&B)
Within those zones where bed & breakfast establishments are permitted, such uses shall be in accordance with the provisions for such zones and shall also comply with the following regulations:

a) No more than 2 guests rooms shall be provided within Class 1 B&B and no more than 5 guest rooms shall be provided in a Class 2 B&B.
b) Any exterior stairways required for a B&B shall be located in a side or rear yard; and
c) All new B&B establishments shall comply with the requirements of this Zoning By-law, including the regulations of Section 6.29 – Residential Conversions, other local by-laws, and any applicable provincial regulations such as the Ontario Building Code and Fire Code, as amended.

6.3 BUFFER AREA
Where a lot is within a Commercial or Industrial zone and the interior side and/or rear lot line, or portion thereof abuts any Residential, Institutional Zone or Open Space Zone or where a lot is within the R3-Residential Zone and the interior side and/or rear lot line or portion thereof abuts any residential zone except another R3 zone, then a buffer area shall be provided on the R3-Residential, on the commercial or industrial lot, in accordance with the following provisions:

a) Have a minimum width throughout of not less than 1.5 m (5.0 ft) and shall be in addition to any other yard requirement.
b) Consist of a **planting strip** maintained at an ultimate height of not less than 1.8m (5.9 ft) immediately adjacent to the lot line or portion thereof along which the Buffer Area is required other than along a street line.

c) Be kept free of parking spaces, buildings or structures except for a legal boundary partition and used only for the placement of trees, shrubs, similar vegetation, fencing and landscaping features.

d) Be landscaped and maintained by the owner of land on which such buffer area is required.

e) Notwithstanding the above and subject to site plan approval, a solid fence, wall, or other landscaping feature of equivalent height may be considered in place of a continuous planting strip. When considering such an alternative buffer, regard shall be given to the location, height, materials, finishing and porosity of the wall or fence, as well as the site's characteristics.

6.4 **BUILDING HEIGHT EXCEPTIONS**
The maximum height regulations of this By-law shall not apply to prevent the construction and/or use of an ornamental dome, church spire, belfry, cupola, steeple, a flag pole, a clock tower, a chimney, storage silos, livestock facility including a hobby barn, grain elevator, a water storage tank, an air conditioner duct, an elevator penthouse, a solar collector, or an electric or communication tower, antenna, ventilator, windmill or similar device.

6.5 **KENNELS**
As per Section 6.35.2 of this By-law, a kennel is a restricted use in all zones within the Town of Minto. Kennels are prohibited uses unless specifically permitted by an amendment to this By-law. Where specifically permitted by an amendment to this By-law, no land, building or structure shall be used for a kennel, unless the land, building and structure is in compliance with the approved Keeping of Dogs and Dog Kennels By-law.

6.6 **COMMON AMENITY AREA**
Where this By-law requires the establishment of a common amenity area, such an area shall be provided within the boundaries of the development and in accordance with the following provisions:

a) An amenity area is an area comprised of common space designed for active or passive recreational use and may include patios, swimming pools, play areas and open landscaped areas;

b) The minimum amenity area required shall be an aggregated amount not less than 9.3 m² (100.1 ft²) per dwelling unit for each unit up to 10. For each
additional unit, not less than 4.6 m$^2$ (49.5 ft$^2$) of amenity area shall also be provided;

c) Amenity areas shall be designed and located so that the length does not exceed four (4) times the width;

d) Amenity areas shall have direct access to/from the residential use; and

e) Amenity areas may be located within any yard other than a required front yard.

6.7 DAY LIGHTING (SIGHT) TRIANGLE

a) On a corner lot, the triangular space formed by the street lines and a line drawn from a point on one street line to a point on the other street line, which is determined by a point measuring 9.0m (29.5ft) along the street line from the point of intersection of the said street lines.

b) Where the two street lines do not intersect at a point, the point of intersection of the street lines shall be deemed to be the intersection of the projection of the street lines or the tangents to the street lines.

c) The provisions of this section shall also apply to land which abuts one or more unopened streets or lanes.

d) Within any sight-line triangle, the following uses shall be prohibited:
   i) a building or structure;
   ii) a fence, wall, hedge, bush or any other obstruction that impedes vision above a height of 0.8m (2.6ft) above the centerline grade of the street or streets abutting a sight triangle.

The above provisions shall not apply to lots existing as of the date of the passing of this By-law, which are less than 4 hectares (9.9 acres), in area.
6.17.2 MDS II - NEW OR EXPANDING LIVESTOCK FACILITIES AND MANURE STORAGE FACILITIES
Notwithstanding any other yard or setback provisions of this By-law to the contrary, no livestock facility or manure storage facility shall be erected or expanded unless it complies with the Minimum Distance Separation (MDS II), as amended, calculated using the Formulas set out in the Appendices to this By-law.

6.18 MOBILE HOMES
The use of a mobile home for the purposes of residential, business, industrial or institutional, either temporarily or permanently, is prohibited within the municipality unless “mobile home” is listed as a permitted use within a particular zone of this By-law. The following regulations will then apply to the construction of a mobile home.

a) The construction of all mobile homes shall meet the Ontario Building Code requirements;
b) Shall be connected to an adequate sewage treatment system and to an adequate potable water supply; and
c) Meet all other regulations of the zone within which the mobile home is permitted.

6.19 MORE THAN ONE USE PERMITTED
Where a lot is divided into two or more zones, buildings and structures may be constructed and used thereon provided the separate zone requirements are satisfied for each use. Where the lot is partially within the Agricultural Zone and partially within the Natural Environment Zone that portion of the lot within the Natural Environment Zone may be used in calculating the total lot area, lot frontage and yard setbacks provided the land outside of the Natural Environment Zone meets the requirements for a private sewage treatment system.

6.20 NATURAL ENVIRONMENT AND MUNICIPAL DRAIN SETBACKS
6.20.1 Natural Environment Zone Setbacks

a) No building or structure, including a private sewage treatment system and any associated tile weeping bed, shall be constructed closer than 30.0 m (98.4 ft) from the limit of a Natural Environment NE zone.

b) Notwithstanding the required setbacks in subsection (a) above:
   i) Accessory buildings/structures to existing residential dwellings, enlargements of existing buildings/structures and reconstruction of existing buildings/structures including environmental improvements to manure storage facilities associated with an existing livestock facility but not a hobby barn are permitted provided that a setback of 3.0 m (9.8 ft) from the NE zone boundary is maintained.
ii) Where a vacant building lot was existing on the date of passage of this By-law, a building permit may be issued for permitted buildings or structures except for new agricultural buildings and structures provided:

- that there is no other suitable location on the lot outside of the 30.0 m (98.4 ft) setback and
- that a setback of at least 3.0m (9.8 ft) from the NE zone boundary is maintained.

c) Interpretation of the limits of the NE zone boundaries is governed by regulations contained in Section 2.6 of this By-law. The location of the 30.0m (98.4 ft) NE “setback” boundaries shall be adjusted accordingly in the event that the NE “zone” boundary is re-interpreted.

6.20.2 Municipal Drain Setback

a) No building or structure shall be constructed closer than 30.0 m (98.4 ft) from the edge of an opened municipal drain or 15.0 m (49.2 ft) from the edge of an enclosed municipal drain.

b) Notwithstanding this section, in the case of a vacant building lot existing on the date of passage of this By-law, no building or structure shall be constructed closer than 15.0 m (49.2 ft) from the edge of an opened municipal drain.

c) No building or structure shall be constructed closer than 15m (49.2 ft) to the top of the bank of any watercourse that is not situated within the Natural Environment Zone.

d) Notwithstanding this section, improvements to manure storage facilities, associated with an existing livestock facility (excluding a hobby barn), that result in a net water quality improvement in the drain are permitted, provided that a setback of 3.0 m (9.8 ft.) from the drain is maintained.

EXPLANATORY NOTE (Not Part of this By-law): Property owners are strongly encouraged to consult with the Conservation Authority having jurisdiction in the area in order to determine the most appropriate location for development.

6.21 NON-CONFORMING USES

a) This by-law shall not apply to prevent the use of any land, building or structure for any purpose prohibited by this By-law if such land, building or structure was lawfully used for such purpose on the day of the passing of this By-law, so long as it continues to be used for that purpose.
b) This by-law shall not apply to prevent the construction or use of any building or structure for a purpose prohibited by this By-law, the plans for which have prior to the date of the passing of this By-law been approved by the Chief Building Official, so long as a building permit has been issued under Section 8 of the Building Code Act (and not revoked under Section 8(10) of the Act) and the building or structure when constructed is used and continues to be used for the purpose for which it was constructed.

c) Nothing in this By-law shall prevent the strengthening or restoration of a non-conforming building or structure to a safe condition so long as the strengthening or restoration does not alter the height, area, size or volume of the building or structure or change its use to other than a conforming one.

d) Nothing in this By-law shall prevent a non-conforming building or structure, which is partially or fully destroyed by fire, flood or Act of God from being restored or reconstructed provided yard depths, height, area, size or volume of the building or structure as it existed at the time prior to the destruction are maintained or compliance with the regulations of the Zone in which the building or structure is located is not further reduced.

e) Where, for any reason, a non-conforming use has ceased and is not resumed within a twelve (12) month period from the date of ceasing, such non-conforming use shall not be permitted to resume and any future use of land, building or structure shall thereafter conform to the permitted uses of the zone relating to the subject land.

6.22 NON-COMPLYING USES

a) Where a use, building or structure has been lawfully established prior to the passing of this By-law, and the use, building or structure is permitted in the Zone in which such use, building or structure is located, but the use, building or structure does not comply with some or all of the specific zone regulations of that Zone such as lot area and frontage and yard setbacks, or any other applicable regulations of this By-law, then nothing in this By-law shall prevent such a non-complying use, building or structure from being enlarged, extended (either vertically or horizontally), reconstructed, repaired or renovated provided that the enlargement, extension, reconstruction, repair or renovation does not further reduce the compliance of the use, building or structure with any provision of this By-law.

b) Where an existing building or structure is non-complying under the provisions of Section 6.22, and where the lot containing such building or structure is the subject of a rezoning or consent application, the provisions of Section 6.22 shall continue to apply such that said building or structure shall be deemed to comply with any applicable zoning provisions resulting from such rezoning or severance provided said rezoning or consent does not further reduce the non-compliance
of the use, building or structure with any provision of said by-law. The provisions of this Section shall not exempt a new use from providing the required number of parking spaces or from satisfying the sight triangle requirements of Section 6.7.

c) Notwithstanding anything in this By-law to the contrary, within a residential Zone in the urban centres of Clifford, Harriston, Minto and Palmerston, on any vacant lot between two lots which already contain residential dwellings, and further that the existing residential dwellings are situated between the street line and the required front yard setback as established in this By-law, a new residential dwelling may be constructed on the vacant lot and the front wall of the new residential dwelling shall have a front yard setback the same as the existing residential dwelling having the front yard setback or building line closest to that required by the applicable zone of this By-law.

d) Notwithstanding anything in this By-law to the contrary, where an existing residential dwelling encroaches into the required front or exterior yard setback as established in this By-law, additions to the existing building may be permitted to the line of occupation, subject to all other applicable regulations of this By-law.

6.23 NUTRIENT MANAGEMENT PLANS

No livestock operation or manure storage facility shall be established or enlarged until a nutrient management plan is completed where required by the Nutrient Management By-law or relevant legislation.

6.24 ONE MAIN BUILDING PER LOT

No more than one main building shall be constructed on a lot except for the following:

a) Permitted buildings within a commercial, institutional, or industrial zone; and,

b) Cluster of Townhouses or Apartment dwellings located within the R3-Residential zone.

c) Agricultural buildings permitted in an A-Agricultural Zone.

6.25 OUTDOOR DISPLAY AREAS

In a Highway Commercial Zone, Industrial Zone or Agricultural Commercial Zone, the outdoor display of goods, materials and equipment, which is accessory to the main use of the lot, shall be permitted in accordance with the following regulations:

a) Shall not be located in any required yard nor within a required daylighting triangle.

b) Not comprise more than 40% of the total lot area.

c) Not obstruct or occupy any required parking area.
d) Be constructed of a stable surface and treated to prevent erosion and the escape of dust and loose particles. Surface cover may consist of asphalt, approved granular material, paving brick, concrete or similar hard-surfaced material.

e) Be graded and drained so as to prevent the pooling of surface water on them or the flow of surface water onto adjacent lots.

6.26 OUTDOOR STORAGE AREAS

In a Highway Commercial Zone, Agricultural Commercial Zone, Industrial Zone, and Rural Industrial Zone, the outdoor storage of goods, materials and equipment, which is accessory to the main use of the lot, shall be permitted in accordance with the following regulations:

a) such storage area shall not be located in any required yard,
b) such storage area shall not comprise more than 40% of the total lot area,
c) such storage area shall be visually screened from view from the street and from any abutting land zoned or used for residential, institutional or open space by a buffer area or strip in accordance with the applicable regulations of Section 6.3 of this By-law.
d) Shall not obstruct or occupy any required parking area.

6.27 PARKING REGULATIONS

No building or structure shall be erected, enlarged or used in any zone unless facilities are provided for off-street parking in accordance with the following regulations:

6.27.1 Size of Parking Spaces

Every off-street parking space shall have dimensions of not less than 2.8 m (9.0 ft) in width or less than 5.5 m (18.0 ft) in length. Each such space shall have adequate means of access to or from a public street or lane.

6.27.2 Access to Parking Spaces

Access to parking areas shall be provided from a street.

6.27.3 Parking Surfaces

All parking spaces and areas shall be constructed of a stable surface and treated to prevent erosion and the escape of dust and loose particles. Surface cover shall consist of asphalt, concrete, approved granular material, paving brick, or similar hard-surfaced materials.

All parking spaces and areas shall be graded and drained so as to prevent the pooling of surface water on them or the flow of surface water onto adjacent lots.

All parking areas shall be provided with curbing, wheel stops or other devices to prevent motor vehicles from being parked or driven within required setback areas or onto required landscaped areas.
6.27.4 Location of Parking Areas and Spaces
All parking spaces within a residential zone shall be to the rear of the front wall of the main building, except that a driveway leading directly from the street to a required parking space may be used for the temporary parking of motor vehicles.

Unless otherwise prohibited by this By-law, parking may be permitted within any required side yard or any required rear yard of a residential zone.

Notwithstanding paragraph one above or unless otherwise provided for elsewhere in this by-law, no off-street parking space shall be located in any required exterior side yard or any required front yard except within a R1B, R1C or R2 Zones and the provisions of Section 10.3, 11.3 and 12.3 shall apply.

All parking spaces within a commercial, industrial or institutional zone may be located within a required front yard, and required exterior side yard, except that no parking area and/or space shall be located within 1.5 m (4.9 ft) of a street line, or within 4.5 m (14.8 ft) of any lot or zone containing a residential use.

6.27.5 Parking for the Physically Handicapped
Where the parking requirements for any land use is 20 spaces or greater, at least 1 off-street parking space must be suitable for use by the physically handicapped. The provisions for handicapped parking spaces thereafter will be provided as outlined in Table 2 below.

Parking spaces for the physically handicapped shall be:
- a minimum width of 4.0 m (13.0 ft);
- hard-surfaced and level;
- located near an accessible building entrance; and identified for use by physically handicapped persons with a sign, which is clearly posted and visible at all times, and which contains the International Symbol of Accessibility for Handicapped Persons. Such sign shall be posted in a visible location other than on the parking surface.
6.27.6 Parking for More than One Use in a Building
Where a building or structure accommodates more than one type of use, the parking space requirements for the whole building shall be the sum of the requirements of the separate parts of the building so occupied.

6.27.7 Parking Requirements for the Central Commercial (C1) Zone
The Parking Regulations of this Section do not apply to land within the CENTRAL COMMERCIAL (C1) ZONE unless such land is used for a permitted residential use, in which case off-street parking spaces shall be provided on-site in accordance with the provisions herein.

6.27.8 Calculation of Parking Regulations
Where a part of a parking space is required in accordance with this By-Law for a use listed in Table 3, such part shall be considered one parking space for the purpose of calculating the total parking requirements for the said use.

In addition, where the number of parking spaces required in accordance with this By-law is based upon the capacity of a building or structure, such capacity shall be deemed to be the same as the maximum capacity for such building or structure permitted by the Ontario Building Code, the Ontario Fire Code, or where applicable, the Liquor Licensing Board of Ontario, whichever capacity is the lesser.

Where, on the date of passing of this By-law, a use of a lot does not comply with number of parking spaces required by this section, this By-law shall not be interpreted to require that the deficiency be made up prior to the construction of any addition or change of use except that any additional parking spaces required for the addition or change of use are provided in accordance with all provisions of Section 6.27 of this By-law.

**6.28 PARKING/STORAGE OF COMMERCIAL AND RECREATIONAL VEHICLES IN A RESIDENTIAL ZONE**

a) Within any Residential Zone, no person shall use any lot, building or structure for the parking or storing or a **commercial motor vehicle** unless he is the owner or occupant of such lot building or structure in which case one commercial motor vehicle which does not exceed 2721.6 kilograms (6000 lbs.) gross vehicle weight may be parked or stored on a lot.

b) Within any Residential Zone, the parking or storing of a **tractor trailer/transport truck** is prohibited.

c) Within the Agricultural Zone, a maximum of two school buses, which are operable and licensed may be parked or stored on any lot.

d) No person shall, within any Residential Zone, use any lot for the parking or storage of a motor home, boat, travel trailer, tent trailer, snowmobile, all-terrain vehicle, unmounted truck camper, or accessory trailer except in accordance with the following:

i) The owner or occupant of any lot or building shall not store or park more than three of the vehicles listed above;

ii) The storing or parking of vehicles listed above shall only be permitted in a carport or driveway but not in a required front yard or exterior side yard;
iii) Notwithstanding the provisions of 6.28 d) i), the limitations imposed therein shall not restrict the number of vehicles that are fully enclosed within a garage or accessory building provided that such vehicles are owned by the occupant of such lot.

6.29 RESIDENTIAL CONVERSIONS
Where specifically permitted by this By-law, a single-detached dwelling (legally existing on the day of the passing of this By-law) may be converted to provide one additional residential dwelling unit or a bed and breakfast establishment provided the following regulations are maintained:

a) That the conversion must meet Building Code and Fire Code regulations and must be certified by the Chief Building Official and Fire Chief;

b) That the conversion conforms to the requirements of all other By-laws of the municipality;

c) That any exterior stairways required for such conversion shall be located in a side or rear yard; and

d) That all other provisions of this By-law for the applicable zone, such as off-street parking, shall be maintained.

6.30 RESIDENTIAL SETBACKS FROM SEWAGE TREATMENT PLANT
No new residential dwellings shall be constructed within 100.0 m (328.0 ft) of any sewage treatment facility.

6.31 STREET SETBACK STANDARDS AND EXCEPTIONS

6.31 Where the regulations of a Zone include a requirement that the minimum yard of a lot or parcel of land shall be a specific number of metres “plus any applicable distance as specified in Section 6.31”, such applicable distance shall be either

a) 18.0 m (59.0 ft) for Provincial Highways, or

b) 15.0m (49.2 ft) for Wellington Roads, or

c) 10.0m (32.8 ft) for all Town of Minto Roads

and this applicable distance shall be measured at right angles to the centreline of the street abutting such yard and commencing from the centreline in the direction of the applicable yard or such lot or parcel of land.

EXPLANATORY NOTE (Not Part of this By-law): Any development adjacent to a Provincial Highway will be carried out in accordance with the setback and frontage requirements along with access and building permit controls of the Ministry of Transportation. Any proposed access to a Provincial Highway will be subject to the prior approval of the Ministry of Transportation. Permits from the Ministry must be obtained prior to any construction and/or grading being undertaken on the site.
6.32 TEMPORARY USES, BUILDINGS AND STRUCTURES

a) Nothing in this By-law shall prevent the use of any land, or the construction or use of any building, mobile home, or structure for a construction camp, work camp, temporary accommodation, tool shed, scaffold or other building or structure incidental to and necessary for construction work on the lot, but only for as long as such use, building or structure is necessary for such construction work which has not been finished or abandoned or for a period of one year, whichever is lesser. The temporary use shall be subject to the retention of a valid Building Permit.

b) A temporary commercial use, building or structure within a commercial zone which is established for the duration of less than six (6) months may be permitted with the permission of Council. An agreement or license and a site plan with the municipality may be required for the establishment of such temporary use, building or structure.

6.32.1 STORAGE TRAILERS, SEACANS AND SHIPPING CONTAINERS

Notwithstanding any other provisions of this By-law to the contrary, no person shall place any storage trailer, seacan or shipping container in any zone except in accordance with the following provisions:

a) For the use of storage, as accessory only, for a permitted commercial or industrial use on lands zoned accordingly, or on agricultural zoned lands greater than 10 hectares.

b) Where permitted in a) above, no more than a total of three (3) storage trailers, seacans or shipping containers, shall be permitted;

c) Shall not be permitted to locate in any minimum required yard setbacks;

d) Shall not be located in any required parking areas and in no case shall encroach into any required minimum landscaped buffer or open space;

e) Notwithstanding any other provision of this section to the contrary, a storage trailer seacan or shipping container on a construction site in any Zone being developed on a stand alone basis or under a plan of subdivision is permitted only for the purposes of storing equipment and materials incidental to construction, subject to the following restrictions:
   i) shall be subject to subsection c);
   ii) not exceed six in number; and
   iii) shall be removed from the site within 60 days of completing the work;

f) Shall not be placed in any zone for the purpose of display or advertising;
g) Shall not be used for the purposes of screening or fencing;

h) Must be in a condition free from rust, peeling paint and any other form of visible deterioration;

i) Shall be included in all calculations for the purpose of determining maximum lot coverage; and

j) Notwithstanding any other provision to the contrary a storage trailer, seacan or shipping container shall not be used for the purpose of a commercial storage facility or mini storage establishment, unless the property is specifically zoned to permit that use.

6.33 **UNDERSIZED LOTS**

Where a lot having a lesser lot area or frontage or both than required under this By-law is held in distinct and separate ownership from abutting lots as shown by the registered conveyance in the Registry or Lands Title Office at the date of the passing of this By-law, or where such lot is created by expropriation, such lot may be used and a building or structure may be constructed, altered or used on such undersized lot provided that all other requirements of this By-law are met.

If, as a result of the legal widening of a street, a lot area is reduced so as to have the effect of creating an undersized lot, or a required front or exterior yard setback is reduced, said lot and any buildings or structures existing at the time of the legal widening shall be deemed to comply with the affected regulations of said zone.

6.34 **USES PERMITTED IN ALL ZONES**

a) The use of land for a street or a public railway, including any installations, structures, appurtenant thereto.

b) The use of any land for a public park, public playground, public walkway or as a site for a public memorial or ornamental structure including, but not so as to limit the generality of the foregoing, a statue, a monument, a cenotaph or a fountain.

c) The installation or maintenance of the following utilities and services:
   - water main, well, water tower, including any associated water treatment facility
   - sanitary sewer main, pumping station
   - gas main and pipeline
   - storm water management facility, storm sewer main
   - lighting fixture, overhead or underground electrical services
   - cable television, internet, telegraph and telephone lines (including those of coaxial cable, twisted pair copper and fibre optics) and services (including associated tower, transformer and telecommunications shelter)
   - communication or cellular telephone towers and antennas
Together with any installations or structures appurtenant thereto. Where a building is required for the above utilities and services, that building shall be subject to Section 6.34 (d) below.

d) Where such a public building or structure is located above ground in a Residential Zone:

   i) No goods, materials or equipment shall be stored in the open. However, an emergency generator required to provide continued services during power outages is permitted, provided it is properly sound-proofed and in compliance with items (ii) and (iii) below.

   ii) The lot coverage and yard regulations prescribed for the zone in which the use is situated shall be complied with.

   iii) Any building erected under the authority of this section shall not be used for the purpose of an office, and shall be designed and maintained in general harmony with residential buildings of the type permitted in such zone."

6.35 USES RESTRICTED IN ALL ZONES

6.35.1 Noxious Uses Prohibited

Notwithstanding any other provision of this By-law to the contrary, no use shall be permitted anywhere within the municipality which, from its nature, materials used therein or emissions issuing therefrom, is declared to be a noxious trade, business or manufacture under The Health Protection and Promotion Act, as amended.

6.35.2 Restricted Uses

The following uses are prohibited throughout the Town, either alone or in conjunction with other uses, unless such use is specifically permitted in a zone or by an amendment to this By-law:

- an abattoir, stockyard, livestock exchange, or dead stock depot;
- a track or course for the racing and/or testing of automobiles, motorcycles, dirt bikes, snowmobiles or any other motorized vehicles;
- a video or amusement arcade;
- a landfill site/waste disposal site, waste transfer station/waste separating station
- a food and/or meat processing facility;
- a salvage or wrecking and recycling facility;
- a mobile home used as a dwelling unit or for commercial use;
- a trailer or motor home used for human habitation other than for temporary accommodation in a permitted trailer park or campground;
- the establishment of pits and quarries, asphalt plants or concrete plants;
- the boiling of blood, tripe, bones or soaps for commercial purposes;
- the extracting of oil from fish;
- the tanning or storage of uncured hides or skins;
• the manufacturing of glue or fertilizers from dead animals or from human or animal waste.
• the refining, storage or use in manufacturing of coal oil, rock oil, fuel, oil, natural gas, propane, burning fluids, naphtha, benzol, benzene, gasoline, dynamite, nitroglycerine, gun powder, petroleum or any other combustible, inflammable, volatile or otherwise dangerous liquids, gasses or solid materials except where specifically permitted hereby or in conjunction with a permitted industrial use and unless such substances are protected by adequate fire fighting and fire prevention equipment and by such safety devices as are generally employed in the handling of such substances and provided that such substances are kept removed from adjacent uses to a distance which is compatible with the potential danger involved, except that this provision shall not apply to prevent the above ground storage of such substances by a farmer, where such storage is incidental and accessory to an agricultural use, or the use of natural gas, propane or fuel oil for domestic purposes, such as heating and cooking, in conjunction with a residential use;
• any use unable to obtain the approval from the Medical Officer of Health or Ministry of the Environment and Energy, owing either to the quantity of water required thereof or to the quality of effluent produced thereby;
• any use which causes the emission of corrosive gasses, toxic gasses or radioactive gasses or, electromagnetic fields, heat, glare, nonagricultural odours, noise, vibrations, dust, dirt, or smoke which does not comply with emission regulations as may be established by the Province of Ontario, the Government of Canada, or any agencies thereof;
• Kennels.

6.36 YARD ENCROACHMENTS

Every part of any yard required to be provided in any zone shall be open and unobstructed from the ground to the sky, except that:

a) In any yard, there may be established or maintained the usual projections of window sills, chimney breasts, belt courses, cornices, eaves and other minor architectural features, provided that no such features shall project more than 76.2 cm (30.0 in) into any required yard.

b) Open and unenclosed porches, uncovered decks, balconies and steps may project into required yards as follows:
   i) Front yard or Exterior Side Yard - no more than 3.0 m (9.8 ft); and,
   ii) Rear yard- no more than 3.7 m (12.0 ft); and
   iii) Interior Side yard - no more than 1.0 m (3.3 ft).

c) Canopies above doorways may be permitted within any yard provided:
   i) that the canopy does not encroach greater than 1.5 metres (4.9 feet) into a required front yard or exterior side yard;
ii) that it is located greater than 0.5 metres (1.6 feet) from a street line, a side lot line or a rear lot line; and

iii) that it is not supported by the ground.

d) Unenclosed fire escapes may project into any required yard a maximum distance of 1.5 m (4.9 ft);

e) Fences, freestanding walls, flagpoles, light standards, air conditioners, heat pumps and similar accessory structures and appurtenances, as well as hedges, trees and shrubs are permitted in any required yard, except that they must comply with Day lighting (Sight) Triangle applicable requirements as specified in Section 6.7 of this By-law.

f) On a corner lot in a residential zone the interior side yard requirements may be used in place of rear yard requirements for single detached, semi-detached and duplex residential dwellings.

### 7.2 EXCEPTIONS (SPECIAL PROVISIONS)

Where a zone symbol applying to certain land, as shown on Schedule "A", is followed by a dash and a number (e.g. C3-1), then an exception has been made to the zone regulations and special provisions will apply to such land. Sections - EXCEPTIONS deal
with these site-specific zones. Land denoted in this manner shall be subject to all restrictions of the parent zone except as otherwise provided by the special provisions.

7.3 HOLDING PROVISIONS
Where an \( H \) appears as a suffix to a zone symbol on Schedule "A", such land shall be subject to specific holding provisions unless this By-law has been amended to remove the relevant \( H \) symbol.

The conditions under which the specific holding provision may be removed can be found within the Holding Provisions section of each zone category or, if related to an exception zone, within the Exception Section of this By-law. Under the Planning Act, Council must give public notice of its intent to remove the \( H \) symbol. A public meeting is not required and the decision to remove the \( H \) symbol is not subject to appeal procedures.

7.4 ZONE MAPS
The extent and boundaries of all of the said zones are shown on Schedule "A", which together with all notations, references and other information shown thereon, is hereby incorporated in and declared to form part of this By-law to the same extent as if fully described therein.

7.5 ZONE BOUNDARIES
Where any uncertainty exists as to the location of the boundary of any zone as shown on Schedule 'A' (Zone Maps), the following rules shall apply:
   a) Where zone boundaries are indicated as following approximately the centre line of streets or lanes or their productions, such centre lines or their productions shall be deemed to be the zone boundary.
   b) Where zone boundaries are indicated as approximately following lot lines, such lot lines shall be deemed to be the said zone boundary.
   c) Where zone boundaries are indicated as approximately parallel to any street and the distance from such street is not indicated, such zone boundary shall be construed as being parallel to such street and the distance therefrom shall be determined by the use of the scale of the said Zone Map.
   d) Where zone boundaries follow railway lines, such zone boundaries shall be deemed to be located at the boundaries of the railway right-of-way.

7.6 CLOSED STREET, LANE, RAILWAY OR HIGHWAY RIGHT-OF-WAY
   a) Where a street, lane, railway or highway right-of-way, or portion thereof as shown on a Zone Map is hereafter closed or diverted, the property formerly in said street, lane, railway or right-of-way shall be included within the zone of the adjoining property on either side of the said closed street, lane, railway or highway right-of-way.
   b) Where the said street, lane, railway or highway right-of-way was a zone boundary between different zones, the new zone boundary shall be the former centreline of the said street, lane, railway or highway right-of-way.
SECTION 8 - A - AGRICULTURAL ZONE

c) Foundations, walls, and floors located below the 1:100 Year Flood elevation shall be designed and constructed to withstand the hydrostatic pressures associated with this flood level, and shall be certified by a Professional Engineer with expertise in flood proofing;

d) All mechanical and electrical services shall be located above or protected to the 1:100 Year Flood elevation; and

e) Where residential uses are proposed in conjunction with a commercial or industrial use, the flood proofing regulations of subsection 32.2.1 shall apply for that portion of the structure to be used for residential purposes.

32.2.3 FLOOD PROOFING REQUIREMENTS FOR ACCESSORY BUILDINGS AND STRUCTURES AND MUNICIPAL UTILITIES

a) Accessory structures, storage buildings, garages and sheds shall be designed and constructed to prevent flotation or movement under 1:100 year flood conditions.

b) The storage of materials or the placement of fill that may result in pollution during a flood event shall not be permitted.

32.2.4 GENERAL FLOOD PROOFING REQUIREMENTS

a) In accordance with the "underlying" zone provisions, the change in land use from one permitted use to another permitted use shall satisfy all applicable flood proofing requirements of Section 32.2.

b) The placement of fill in the Flood Fringe (FF1 Zone) may be permitted subject to the Maitland Valley Conservation Authority's regulations.

c) Access for all new buildings and structures shall be designed to allow for safe vehicular and pedestrian movement during flooding.
SECTION 33 - (FF2) - FLOOD FRINGE OVERLAY ZONE TWO

The "Flood Fringe Overlay Zone Two (FF2)" applies to those lands within the former Town of Harriston that have the potential of flooding during a Regional Storm Flood Event. In the areas zoned FF2, the minimum flood proofing standards required for the Regulatory Flood shall be applied to all new construction and additions to existing buildings and structures.

The provisions of the FF2 Zone shall be applied in addition to the regulations of the "underlying" zone which are identified by a zone symbol on Schedule "A"- Map 3 of this By-law.

The lands to which the FF2 Overlay Zone applies are identified by a shading pattern on Schedule "A" – Map 3 of this By-law.

**Explanatory Note:** Anyone who proposes to undertake development or redevelopment of land which is zoned FF2 on Schedule "A" – Map 3 is reminded that, in addition to the requirements of this By-law, the approval of the Maitland Valley Conservation Authority pursuant to regulations made under the Conservation Authorities Act, S.O, 1980 is required, also.

33.1 PERMITTED USES

Uses permitted, including additions to existing uses, buildings and structures, shall be in accordance with the applicable "underlying" zoning provisions of this By-law except that the establishment of new uses for the following purposes will not be permitted,

i) The manufacturing, storage, disposal and/or use of a hazardous substance;
ii) Institutional uses providing human habitation such as hospitals, nursing homes and schools; and
iii) Essential municipal services such as police, fire and ambulance and electrical substations.

33.2 REGULATIONS

The Regulatory Flood shall be used to determine the minimum flood proofing requirements for all new construction including additions to existing uses, buildings and structures in the FF2 Zone.

33.2.1 FLOOD PROOFING REQUIREMENTS FOR RESIDENTIAL AND INSTITUTIONAL USES

a) The main floor of all buildings used for residential purposes shall be above the Regulatory Flood elevation;

b) Openings to living space shall not be permitted below the Regulatory Flood elevation;

c) Foundations, walls and floors located below the Regulatory Flood elevation must be designed to withstand the hydrostatic pressures associated with this flood. Construction materials shall be of a type
not subject to deterioration by water or by alternate wetting and
drying and shall be certified by a Professional Engineer with expertise
in flood proofing;

d) The construction of full basements in areas subject to more than one
metre of flooding will not be permitted unless the site can be raised
by filling so that the structure will be subject to less than one metre
of flooding; and

e) All mechanical and electrical services shall be located above or
protected to the Regulatory Flood elevation.

33.2.2 FLOOD PROOFING REQUIREMENTS FOR COMMERCIAL AND INDUSTRIAL
USES

a) All window openings shall be located above the level of the
Regulatory Flood elevation;

b) Main floor levels and doorway openings may be located below the
Regulatory Flood elevation where flood proofing measures are
incorporated into the design of doorway openings, and shall be
certified by a Professional Engineer with expertise in flood proofing;

c) Foundations, walls and floors located below the Regulatory Flood
elevation shall be designed and constructed to withstand the
hydrostatic pressures associated with this flood level, and shall be
certified by a Professional Engineer with expertise in flood proofing;

d) All mechanical and electrical services shall be located above or
protected to the Regulatory Flood elevation; and

e) Where residential uses are proposed in conjunction with a com-mer-
cial or industrial use, the applicable flood pro-
ofing regulations of
Section 33.2.1 shall apply to that portion of the structure to be used
for residential purposes.

33.2.3 FLOOD PROOFING REQUIREMENTS FOR ACCESSORY BUILDINGS,
STRUCTURES AND MUNICIPAL UTILITIES

a) Accessory structures, storage buildings, garages, and sheds, shall be
designed and constructed to prevent flotation or movement under
Regulatory Flood Event conditions.

b) The storage of materials, or the placement of fill, that may result in
pollution during a flood event will not be permitted.

33.2.4 GENERAL FLOOD PROOFING REQUIREMENTS

a) In accordance with the "underlying" zone provisions, the change in
land use from one permitted use to another permitted use shall
satisfy all applicable flood proofing requirements of Section 33.2.

b) The placement of fill in the Flood Fringe (FF2 Zone) may be permitted
subject to the Maitland Valley Conservation Authority's regulations.

c) Access for all new buildings and structures shall be designed to allow
for safe vehicular and pedestrian movement during flooding.

| | | b) it does not interfere with pedestrian traffic, sight lines or the neighbours entrance
| | | c) it does not create a traffic hazard
| | | d) outdoor display items are moved indoors after business hours each day.
### 34.20 R1B-20
In addition to the uses permitted in Section 10.1 of the By-law, a medical clinic (including denture clinic) shall be permitted on the land zoned R1B-20. Any development shall be subject to the R1B regulations. Notwithstanding Section 10.3, Landscaped Area, the existing parking area in the front yard shall be permitted.

### 34.21 R1B-21
In addition to the uses permitted in Section 10.1 of the by-law, a Semi-Detached or Duplex Dwelling shall be permitted on the land zoned R1B-21. Any development shall be subject to the R1B regulations except a semi-detached or duplex dwelling, which will be subject to the provisions of sections 12.2.2 or 12.2.3 respectively.

### 34.22 R2-22
Notwithstanding the uses permitted in Section 12.1 Residential R2, only the existing, single detached dwelling is permitted at this time.

However, other more intensive R2 residential uses shall be permitted, provided a flood plain analysis is completed to the satisfaction of the Saugeen Valley Conservation Authority which demonstrates that the existing building or any proposed building is not or will not be located within the flood plain. Should the flood plain analysis demonstrate that the existing building or any proposed building is or will be located within the floodplain, more intensive R2 residential uses shall not be permitted.

(Bowen By-law 10-72)

### 34.23 FD-23
Notwithstanding Section 29.1, Future Development, or Section 6.8 (b), a residential dwelling of any type is not permitted without an amendment to this by-law.

(Murray By-law 2011-67)

### 34.24 R2-24
The area zoned R2-24 consists of two lots created by consent. One of the following uses shall be permitted in the zone.

a) A Single Detached Dwelling on each of the two lots, provided that they are developed in compliance with the requirements of Section 10, Residential R1B Zone, or,

b) A total of one Fourplex within the zone (i.e. on the two lots together), provided it is developed in compliance with the requirements of Section 12.2.5, Fourplex, and the following additional requirements:
   i. Minimum Lot Frontage 40.23 m. (132 ft.)
   ii. Notwithstanding Section 12.2.5.4, the Minimum Interior Sideyard shall be 0.0 m (0.0 ft.) where the fourplex straddles the common boundary between the two lots.

e) Interior Side Yard, minimum 2.4 m (8.0 ft)
f) Rear Yard, minimum 5.0 m (16.5 ft)

Notwithstanding this minimum rear yard requirement and the requirement of Section 6.36 b) ii), a covered porch or deck may be permitted to encroach 8 feet into the required rear yard as specified for the R2-31 Zone.

g) Building Height, Maximum 10.5 m (34.5 ft)
h) Floor Area, minimum 70.0 sq. m. (753.5 sq. ft)
i) Off-Street Parking Spaces: Minimum of 4

Except as provided for above, all other applicable provisions of this Zoning By-law shall apply to the land zoned R2-31 including the requirements of Section 12.3, and the applicable regulations of Section 6.

| 37.32 | MU2-32 | The land zoned MU2-32 may be used for a permitted use of the Main Street Mixed Use Zone including a 12 unit residential apartment dwelling.

The permitted residential apartment dwelling will be subject to the applicable regulations of Section 13.2.3 of the R3 Zone. In addition, to these regulations the following specific regulations shall apply to the land zoned MU2-32.

i) Off-Street Parking requirements: Notwithstanding the provisions of Section 6.27.4 of this Zoning By-law, on the land zoned MU2-32 off-street parking spaces may be permitted within a required front and/or exterior side yard but no parking area or parking space is permitted to locate within 1.5 metres (4.9 ft) of the front lot line, which shall only be used as a landscaped area except for driveways leading to and from the lot.

ii) Buffer Area requirements: Where any lot line of the MU2-32 Zone is abutting a Residential Zone boundary or abutting a lot containing a residential dwelling, the requirements of Section 6.3 of this Zoning By-law shall apply.

iii) Common Amenity Area: Notwithstanding Section 6.6 of this By-law, for the land Zone MU2-32, the rear yard shall be deemed to be a common amenity area.

Except as amended above, all other applicable provisions of this By-law shall apply to the land zoned MU2-32.
### 37.33 C2-33

The land zoned C2-33 is within a Minimum Distance Separation (MDS 1) arc, created by a livestock operation situated to the south across Wellington Road 123 in Wallace Township. The following permitted uses and regulations apply to this zone:

i. No buildings, structures or uses are permitted that would place further MDS 2 constraints on the farmer’s ability to expand the existing livestock operation.

ii. Notwithstanding subsection (i) above, accessory uses such as parking and stormwater management facilities are permitted within the C2-33 zone, accessory to the main buildings permitted in the C2-34 zone to the north.

iii. Should the barn in Wallace Township be demolished in the future or be rendered unsuitable for livestock housing use, a full range of Highway Commercial use shall be permitted in this zone without the need for further amendment to this by-law.

### 37.34 C2-34

The land zoned C2-34 is subject to the following regulations:

i. Notwithstanding Section 17, in addition to permitted Highway Commercial uses, residential use may be made of the existing Single detached dwelling, situated in the western portion of this zone.

ii. The existing barn situated in the western portion of this zone shall either be demolished or shall be rendered unsuitable for livestock housing use.

### 37.35 M1-35 (H)

i) Notwithstanding Section 6.20 of this by-law, stormwater management facilities may be located within the required 30 metre setback from the Natural Environment zone situated immediately north of the M1-35 zone. The Town of Minto shall consult with the Saugeen Valley Conservation Authority prior to establishing any stormwater facilities within the 30 metre setback.

ii) Until the “H” symbol is removed, the land zoned M1-35 (H) may only be used for the following:

- An agricultural use, excluding the keeping of livestock, a fur farm or dog kennels

Council may pass a by-law removing the “H” symbol once it is satisfied that the following matters have been adequately addressed:

- Availability of municipal services
- Stormwater management, including any required easements
- Archeological assessment of the lands

### 37.36 C2-36

i. Notwithstanding Section 17, only the following uses shall be permitted on the land zoned C2-36: automotive accessories shop, business and professional offices, church/place of worship, commercial nursery or greenhouse, farmers market, financial office, flea market, funeral home, garden centre, eat inside restaurant (drive-in, drive-thru and take-out types of restaurant are not permitted), service or repair shop [only for household items such as electronics and appliances – small engine repair or other uses that may potentially create a nuisance due to noise or odours are not permitted], U-brew establishment, veterinarian clinic, wholesale outlet.

### 37.36 Con't

| C2-36 | ii) Notwithstanding Section 6.3 of this by-law, an enhanced buffer shall be required along the eastern boundary of the C2-36 zone where it abuts the residential zone to the east. This buffer shall be sufficiently wide enough to permit the establishment of an earthen berm to protect the residential use. In addition, a planting strip and/or solid fence shall be constructed to further protect the residential property |

### 37.37 Part of Lot 20, Concession 11

| MU2-37 | The land zoned MU2-37 may be used for a permitted use of the Main Street Mixed Use Zone including two four-plex unit residential apartment dwelling. The permitted residential apartment dwellings will be subject to the applicable regulations of Section 12.2.5 of the R2 Zone. In addition, to these regulations the following specific regulations shall apply to the land zoned MU2-37. |

**i)** **Off-Street Parking requirements:** Notwithstanding the provisions of Section 6.27.4 of this Zoning By-law, on the land zoned MU2-37 off-street parking spaces may be permitted within a required front and/or exterior side yard but no parking area or parking space is permitted to locate within 1.5 metres (4.9 ft) of the front lot line, which shall only be used as a landscaped area except for driveways leading to and from the lot. |

**ii)** **Buffer Area requirements:** Where any lot line of the MU2-37 Zone is abutting a Residential Zone boundary or abutting a lot containing a residential dwelling, the requirements of Section 6.3 of this Zoning By-law shall apply. |

**iii)** **Common Amenity Area:** Notwithstanding Section 6.6 of this By-law, for the land Zone MU2-37, the rear yard shall be deemed to be a common amenity area. |

Except as amended above, all other applicable provisions of this By-law shall apply to the land zoned MU2-37. (Gilkinson By-law 07-54)

### 37.38

| M1-38 (H) | The lands within the M1-38 (H) zone may be used for industrial uses as set out in Section 24 of the By-law, along with open space buffer uses that are accessory to the TG Minto industry. In addition, the southwest corner of the zone may be used for the extension of Raglan Street or a residential driveway, to provide access to residential land to the south. These uses shall be subject to the following regulations: |

**i)** Industrial uses shall not be permitted within the following setbacks, within 70 m. (229.6 ft.) of any residentially zoned lot and within 50 m. (164 ft.) of the Toronto Street road allowance. |

**ii)** However, the following accessory industrial uses shall be permitted within the above-noted setback: an accessory car parking lot and driveway, a truck driveway and stormwater management facilities, provided that: |

Con't
| 37.38 Con’t… | M1-38 (H) | • satisfactory studies are done to show that these uses are compatible with surrounding residential lands  
• any driveways are situated to ensure minimal noise and vehicle light impacts on residential uses  
• any parking lot lighting will be designed and located to direct lighting away from residential uses  
• these accessory industrial uses shall be subject to site plan control |
| --- | --- | --- |
| iii) Until the “H” symbol is removed, the land zoned M1-38 (H) may only be used for the following:  
• industrial accessory uses: a car parking lot and driveway, a truck driveway and stormwater management facilities.  
• buffer accessory uses: agricultural crops, passive recreational, landscaping, noise mitigation features (such as berms, fences and vegetative plantings).  
• an extension of Raglan Street or a residential driveway, to provide access to residential land to the south. |
| 37.39 210 York Street | R2-39 | In addition to the uses permitted in Section 12.1, the lands zoned R2-39 shall also permit a converted residential dwelling with a total of 6 apartment dwelling units, subject to the following regulations:  
  a) Notwithstanding Section 12.2.1.5, the existing exterior sideyard shall be deemed to be in compliance with this by-law;  
  b) Other than Section 12.2.7.1, the converted dwelling shall meet all the requirements of Section 12.2.7.  
  c) All parking spaces shall be paved or covered with a similar hard surface (e.g. brick, cement).  
  d) A cement curb or parking barrier shall be placed along the edge of the northernmost parking space on York Street, to prevent encroachment into the corner’s daylighting sight triangle;  
  e) The shrub buffer along the south boundary of the property shall not exceed a height of 0.8 m. (2.6 ft.) above the centreline grade of the street, for the entire length of the adjacent parking area. |
