

colourful butterfly craft

materials:

construction paper
pipe cleaner
googly eyes
markers
tape
scissors
glue

instructions:

1. draw butterfly wings on the construction paper
2. form the four body pieces in to circles - to do this add a line of glue at the end of each paper strip
3. add glue in the centre of the butterfly wings and glue it down in the centre of another piece of construction paper - leave the outside of the wings unglued
4. cut a pipe cleaner in half to make your butterfly antennae
5. bend down and curl the ends of the butterfly antennae
6. add glue along the back seam of each of the body pieces and glue them down the centre of the butterfly wings to create the butterfly body
7. glue each of the butterfly wing spots on to the butterfly wing
8. glue googly eyes on the top body piece then use a marker to draw a smile on your butterfly
